

BULL SALE

02-22-2024

SELLING 45 2-YEAR OLD ANGUS BULLS

14 BRED REGISTERED ANGUS HEIFERS

1^{PM} AT THE RANCH

Elston & | Burchill Angus |
Lone Tree Ranch

WELCOME

We are excited to invite and welcome you to our Fifth Annual bull sale, location change this year to Elston Lone Tree Ranch. You are welcome to come preview bulls at ELTR anytime. We continue to be committed to using proven genetics with an emphasis on consistency and this set of 2 year old bulls are top-notch. An addition to our sale this year, Burchill Angus is offering 14 bred registered Angus heifers.

Our cows work for us. Problem free cattle that have the longevity, fertility, feeding ability, and carcass traits that keep us all profitable. Our business is helping our customers succeed. With a short 45-day breeding season and continuing to feed out half our bull crop as fattened steers, helps put the selection pressure to work. This positions us to identify the animals we believe will move programs forward.

The bulls have been developed the same way as in previous years, non-creep fed and turned out on pasture as yearlings to stay sound. They returned to the ranch in the fall and have continued to develop well. We produce animals with structure and balance.

We are thankful and appreciative of all our past customers and those who have shown interest in our program. Again, we invite you all to come to our ranch on Thursday, February 22nd and check out this offering! Like past years, we are serving a CAB smoked brisket dinner, so come hungry!

Please feel free to contact us at any time and the cattle are always available for viewing prior to the sale.

Sincerely,
Wes and Michele Elston
Craig and Heather Burchill

2023

SALE DAY

THURSDAY, FEBRUARY 22, 2024 1:00PM CENTRAL

Elston Lone Tree Ranch 10111 30th St SE Spiritwood, ND 58481

SALE DAY PHONES:

Wes 701-490-6810

Craig 701-261-4996

SALE RING ASSISTANCE:

Will Bollum, Wester Ag Reporter

507-244-0833

Kelly Klein, Tri-State Livestock News

701-320-5817

AUCTIONEER:

Rowdy Benson from Morristown, SD

H-605-524-9642

C-605-569-1493

ONLINE BIDDING:

The sale will be broadcast live:

DVAuction.com

LUNCH:

Complimentary lunch provided prior to the sale.

INSPECTION & LOCATION:

Bulls are available for viewing anytime at Elston Lone Tree Ranch 6 miles north of Interstate 94.

Take exit 276 off Interstate 94. Head north 6 miles then west 1 mile. Ranch is on the north side of the road.

SALE DAY:

The bulls will be on display. We will be utilizing videos instead of having bulls sold in the ring.

LIABILITY:

All persons who come to view animals at Elston Lone Tree Ranch do so at their own risk. Elston Lone Tree Ranch assumes no liability, legal or otherwise, for accidents which may occur.

BULL VIDEOS:

Videos can be viewed at

elstoncattle.com and at dvauction.com

GENETICS:

All bulls have had the Angus GS genomic test. Bulls have been determined to be free of genetic defects.

HEALTH:

All bulls have passed semen evaluation performed by Dr. Greg Carlson, Southwood Veterinary Clinic in Jamestown, ND. On 11/30/2023, bulls were poured with Clean-Up II, and drenched with Valbazen.

BASE PRICE:

All bulls will have a minimum price of \$3000 sale day. Bidding will begin at the base price.

VOLUME DISCOUNT:

Volume discount as follows:

Two bulls - 2% discount

Three bulls - 3% discount

Four bulls - 4% discount

Five or more - 5% discount

RETAINED INTEREST:

Full semen interest and possession sells on all bulls.

TERMS & CONDITIONS:

Terms of sale are cash. Full payment is due sale day or online bidders will be invoiced.

DELIVERY:

Free up to 300 miles from Elston Lone Tree Ranch within the U.S. All bulls will be delivered immediately after the sale. Take bull(s) home day of sale receive \$50 off per bull.

GUARANTEE:

All bulls selling for \$3000 or more will be covered 100% by ELTR & BA if they are injured during their first breeding season. Breeding season is defined as the 60 day period following the first turnout of the bulls.

All bulls selling for \$3000 or more will be given 100% of the value of the injured bull, minus any salvage value, as credit. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. A copy of the sales receipt must be received by Elston Lone Tree Ranch to receive proper credit. All claims must be made by October 2024.

Coalition was the high selling bull of the US ranch in Alberta, Canada. Purchased by Spickler Ranch South. His dam Erelite 1092 an outstanding Angus cow also purchased by Spickler Ranch South and M Diamond Angus Ranch of Wyoming. Coalition stamps his progeny with great structure and breed character. We chose to use Coalition after visiting Nathan and Emily Spickler's ranch in 2020. We were able to see numerous daughters in production. The consistency, udder quality, and the quiet disposition were huge factors in our decision to bring this potent breeding bull on board to our program. 22 sons are selling this offering.

View the Auction Live!
**Bid Online... you're ringside
 right at your desk!**

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 316-5460.

Nice made moderate heifer that should excel in udder quality. Her Wrangler heifer should be easy doing. Substantial daughters have great udders and feet.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they have recorded an average of 15 progeny, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

TRAIT	PROGENY EQUIVALENT	TRAIT	PROGENY EQUIVALENT
Calving Ease Direct	25	Pulmonary Arterial Pressure	17
Calving Ease Maternal	19	Hair Shed Score	8
Birth Weight	23	Heifer Pregnancy	17
Weaning Weight	27	Maternal Milk	35
Yearling Weight	22	Mature Weight	14
Yearling Height	15	Mature Height	9
Dry Matter Intake	11	Carcass Weight	14
Scrotal Circumference	13	Marbling Score	10
Docility	11	Ribeye Area	16
Foot Claw Set	13	Backfat Thickness	13
Foot Angle	13		

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen or the HD50K by partner Zoetis. These images indicate animals for which genomic testing has been conducted and incorporated by AGI into GE-EPDs

We calved Arrowwood's first progeny in the spring of 2023. The calving ease is for real with this herd sire. His sire is Tehama Tahoe B767. His dam is U2 Erelite 1092, dam of U-2 Coalition 206C. She was the \$140,000 top selling cow at the U2 Ranch herd dispersion in Alberta, Canada, owned by Spickler Ranch South and M Diamond Angus Ranch. Arrowwood's first calves have shown great promise with their growth through weaning. His first sons will sell in 2025, SEMEN IS AVAILABLE.
